**FOUR STARS (highest rating) - Todd David Schwartz, CBS**

"I love vodka, and I've probably tried them all. VICIOUS VODKA is, by far, the best. The fact that's it's infused with caffeine allows you to enjoy the sensation of being a little inebriated while still having the ability to carry on an intelligent conversation. If you love to party, but don't like turning into a slobbering drunk, VICIOUS VODKA is for you. A great quality vodka containing caffeine -- what a great idea! Now why didn't I think of that?"
